## Great Progress on the Children's Village

In 2014, Timothy Mission established a home for disabled children using land donated by ministry partners based in New Zealand. There is a need for good medical care in the Philippines, and Judy's dream was to provide that for children, especially those with disabilities. That dream came true in 2014. One facility is hardly enough to meet the need, so I felt the Lord tugging at me to make another place in another area of the Philippines. Ultimately, Timothy Mission entered into a team effort with Helping Hands Healing Hearts Ministry to establish a Children's Village to replace the two rented houses they use to house orphans and care for children with medical needs that parents could not provide. The work has grown to where these places are packed out; thus, the plan for a Children's Village to provide cottages for orphans with house parents in each so that they have more of a family life setting and to build a full-scale Children's Recovery Unit to provide medical care to children whose parents can not provide it. I have known Claire since 2017. We worked together on small projects. In 2022, we had conversations that resulted in teaming up to make the Children's Village. Timothy Mission's role is to help establish a wing in the CRU for caring for disabled children.

I am happy to report that much progress has been made in developing the Children's Village. Clare produced a video that clearly shows what has been done and the plan for ongoing steps ahead. Copy and paste this link into your browser to be taken to that short video on YouTube.
